Truk Lagoon's wrecks are unique. Nowhere else in the world lies a sunken fleet accessible to the novice diver. The calm, clear, sheltered lagoon, relatively free of currents provides safe, easy diving conditions. One thing that makes Truk so spectacular as an attraction to today's visitor is precisely what made Truk so important to the Japanese Navy during World War II. It's magnificent 2104 square km. lagoon, whose sheltered waters provided the Imperial Fleet with its most formidable base outside Japan. Now, the lagoon bed holds an entire Japanese fleet, frozen in time, where it sank in February 1944.
